# BOMBALKANICA

The main objectives of Bombalkanica are the dissemination of culture and music from the Balkan region, inclusion of foreigners living in Portugal and connected to Balkan music and culture and activation of the cultural life in Porto.

# THE FIRST EDITION

January 2022

RIt brought together an audience of approximately 500 people during three days of activities such as concerts, DJ parties and workshops. The large audience allowed the festival to take place in a sustainable way, meeting the commitments with the artists, cover the travel costs of the musicians to Porto and also the payment of the technical team (photographers, sound technicians, logo, printing of posters and flyers). We also managed to guarantee the payment for the spaces used for the festival.

# IRRESISTIBLE RHYTHMS

Balkan music is still little known in Portugal, but its energy and energy and spontaneity work very well as a form of stimulate the conviviality between nationalities that live in or visit Porto.

Bombalkanica is an excellent opportunity of meeting artists and public, both from Portugal and abroad. And to enrich the city of Porto with musical events, showing its diversity and conviviality between the people from here and those ones who have come to Porto to call it home.

# OBJECTIVES

Being a music festival, the main effect of Bombalkanica is the promotion and dissemination of Balkan culture and music through concerts, workshops and jam sessions. The aim is to leave the audience with a certain idea, but also with a curiosity to look for and listen to more music from the Balkan region.

The festival also brings the initiative of creating new forms of coexistence for the inhabitants and beautify the city with music, as well as promoting the city of Porto.

# BOMBALKANICA 2023

The dream that became reality in January 2022 and managed to gather an audience that exceeded all our expectations, will continue to grow in April 2023 . We count on even more artists from Portugal and other countries, new spaces and stages.

The 2023 edition will last for 3 days, each day will feature concerts, thematic workshops, jam sessions and DJs.

Besides music, the focus of Bombalkanica is to activate the cultural life of the city and involve the people of Porto in artistic activities. The second edition of the festival aims to offer even more to the local community, developing workshops for families with children, concerts in public space and open jam sessions.
