BUSINESS DESCRIPTION

Company Overview

In a world where innovation is transforming every sector, education remains stagnant, dull, monotonous, and inaccessible to many. The COVID-19 pandemic exposed the sector's unpreparedness and amplified existing inequalities. Recognizing this, we founded EduBolt in 2021, an independent initiative created by the youth for the youth. We believe that education must evolve to meet the demands of the modern workforce and equip students with the necessary skills to succeed. EduBolt aims to revolutionize the tutoring sector, making learning more accessible, inclusive, and immersive through our unique peer-to-peer pedagogy and cutting-edge technologies.

Our mission is to create a fun, fair, and fast educational experience, paving the way for students to achieve their goals and become well-rounded citizens of the 21st century.

Tackled SDGs

WHY CHOOSE US ?

Our Peer-to-Peer Pedagogy

At EduBolt, we pride ourselves on being the #1 peer-to-peer tutoring company in Lebanon and the MENA region. We firmly believe that **youth teaching youth** is the most effective way to learn. Young people, having recently experienced the same educational challenges, can convey key points more directly and effectively. Imagine spending hours in a classroom without grasping the concepts, only to have a 10-minute session with a peer that clarifies everything. This is the essence of our peer-to-peer pedagogy, **making learning relatable, efficient, and impactful.**

Our Technology

EduBolt leverages cutting-edge technologies to enhance the learning experience.

Our **AI-driven** Learning Management System (LMS) continuously monitors students, identifying their strengths and weaknesses to generate personalized reports. This enables us to tailor education to each student's needs, ensuring better results and a more personalized learning journey.

Additionally, we incorporate **Virtual Reality (VR)** as a complementary tool to our courses, creating immersive and interactive educational experiences. This not only makes learning more fun but also helps students grasp complex concepts through memorable and engaging simulations.

WHAT DO WE OFFER ?

Teaching everything that is Teachable!

1

STANDARDIZED TESTS

Focused preparation for standardized tests such as SAT, DELF, DALF, GRE, IELTS, and GMAT.

2

UNIVERSITY ENTRANCE EXAM

Tailored sessions to prepare students for university entrance exams. (Medicine at USJ, LU, BAU, Engineering and more)

3

OFFICIAL EXAMS

Specialized preparation sessions for Lebanese, French, and International Baccalaureate exams.

4

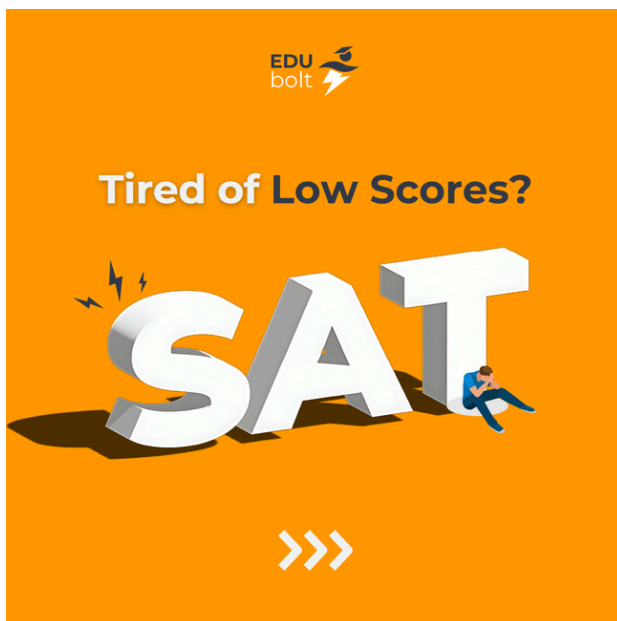

LANGUAGES

Offering courses in more than 10 languages, from beginner (A1) to advanced (C2) levels.

We are proud to offer our courses at **the most affordable prices in Lebanon**, aiming to break the barriers imposed by the economic crisis and make education accessible to everyone. Our courses are available in various modalities to suit different needs: online, in-person at our premises at ESA Business School, and special classes conducted at partner schools.

SERVICES PORTFOLIO

SAT Exam Prep Sessions

At EduBolt, our SAT sessions cover everything from English to Math, ensuring comprehensive preparation through meticulously crafted mock exams.

Our goal isn't to achieve the highest scores for every student, as we recognize the unrealistic nature of such expectations. Instead, we focus on helping each student reach their specific goal score, the score they need to realize their dreams. By tailoring our approach to the individual needs of each student, we provide a personalized and effective pathway to success, making sure they are fully equipped to achieve their aspirations.

SERVICES PORTFOLIO

USJ Med School Entrance Exam

At EduBolt, we are dedicated to paving the way for aspiring medical students to achieve success in the highly competitive USJ Med School entrance exam. We have meticulously developed **a comprehensive roadmap** designed to guide students through every step of their preparation journey, from the "Session de matières scientifiques" all the way to the "Session de Pratique". Our innovative approach ensures thorough preparation, culminating in the "Concours Blanc," a full-scale mock exam that mirrors the actual test environment.

This initiative has proven to be highly effective, as evidenced by our impressive 60% success rate among participants.

Our roadmap not only equips students with the necessary knowledge and skills but also instills confidence, ensuring they are fully prepared to excel in their entrance exams and secure their place in medical school.

90%
Success Rate

In BAU's Entrance Exams
Achieving Lebanon's Top Success Rate

At EduBolt, we offer meticulously designed preparatory sessions for the BAU entrance exams, catering to both the School of Medicine, Dentistry, and Pharmacy, as well as the School of Engineering. Our program boasts exceptional success rates, with a **90% success rate for Medicine, Dentistry, and Pharmacy**, and **an outstanding 100% success rate for Engineering**.

Our hybrid sessions combine the flexibility of online learning with the personal touch of in-person guidance, ensuring students receive the best of both worlds. Each session is led by top scorers who have excelled in the BAU entrance exams themselves, providing students with unparalleled insights and strategies.

Our comprehensive curriculum covers all necessary subjects and includes strategic mock exams to prepare students thoroughly. This approach not only equips students with the knowledge and skills they need but also builds their confidence to excel in their entrance exams and achieve their academic aspirations.

SERVICES PORTFOLIO

Official Exams Prep Sessions

Although the results presented here are only a sample, We are proud to celebrate the exceptional achievements of our students, with over 300 some earning top scores, including two ranked 1st in Lebanon for SV and SG.

MCAT Prep Session

Our MCAT prep session, led by top 99th percentile tutors, prepares students for the Medical College Admission Test. Covering all critical areas, our course provides deep insights into the exam's format and content, offering strategies for success. With our expert guidance, students gain the skills and confidence to achieve top scores.

Coding Courses and Digital Skills

EduBolt proudly has a sister company, Codubolt, to teach young students essential coding and digital skills for the future. From AI to VR, Codubolt's innovative programs equip students with cutting-edge knowledge and hands-on experience. We collaborate with schools to offer both intra and extracurricular activities, ensuring that every student has the opportunity to master the technologies that will shape tomorrow's world.
