D. Background and Experience

Please briefly present the partner organization.

Ung i Gladsaxe is also known as “UNiG” which translated into English, means “Young in Gladsaxe Community”. It is a project run by the community of Gladsaxe and involves youngsters from the age of 13 to 29.

In Gladsaxe we’ve got six youth clubs situated in various places throughout the community. In the youth clubs there are hired and educated pedagogues, whose purpose is to make activities with

the youngsters, such as playing table tennis, football, board games etc. as well as making sure that the youngsters are socially in balance. The youth clubs secure, that all young people in the community can find a place to interact with other youngsters, or talk to an adult about what's going on in their lives.

In UNiG, we have created something called UNiGTravel. In UNiGTravel, we seek to promote intercultural communication and SDGs with all the youngsters. By arranging international tours with Erasmus+ trainings.

What are the activities and experience of the organisation in the areas relevant for this application?

Ung i Gladsaxe works on the basis of a community-creating and participation-oriented approach, where the focus is on creating dynamic youth environments that are based on young people' interests and needs, provide a safe environment and motivate for active participation, commitment and responsibility.

It is our ambition to be visible resource-persons for young people where they are - not only in existing youth clubs, but also in the local area and the city's spaces.

Ung i Gladsaxe is supposed to build a bridge between young people in primary and lower secondary schools, youth educations, municipal support initiatives, associations and cultural life.

Based on a basic pedagogical relationship work, we aim to work, with focus on not doing activities for young people, but to do activities with young people, as well as trying to enable them to self-organize activities and projects. "Ung til ung" is an example of a project, where youngsters works with solidarity. More specifically, the project focuses on youngsters in the local community, to be more visible for the whole city, by making events for everyone. Events for young people, elderly and people from all kind of cultures, as it is an intercultural group. These events include making and eating dinner together, going to the theatre, going to concerts etc.

What are the skills and expertise of key staff/persons involved in this application?

Team

Mr. Junaid Ahmed Habib (CEO)

Mr. Junaid has been volunteering since he was 16 years old. He has been active in the local city, where he has made events for young and elderly people. This has helped the local community to thrive. In the local area, he also helped in arranging exchanges to London, UK and Berlin, Germany.

When he was 17 years old, he became a volunteer at the local music venue, Richter. Here he was elected into the committee and has played an active role in developing the music profile. His first long term international experience, started when he went to exchange as a European Solidarity Corps volunteer, in Brittany, France from October 2019 – July 2020. He worked as an event coordinator. Here he gained great knowledge in working with youngsters of French and other backgrounds, as well as learning more about the French language and culture.

When Mr. Junaid returned home, he started volunteering in AFS Interculture Denmark, where he helped youngsters above the age of 18 to travel and do exchanges. Also doing seminars and workshops, about cultural differences and shocks. In 2022, he participated in more than 5 international projects, where he was a part of the preparation team and those were a key factor in the planning and facilitating.

In Turkey, the topic was about sustainability and ecological changes. In Belgium, the topic was Global citizenship. In Iceland, the topic was Escaping with equal rights, where he was a trainer. In Serbia, he was a Programme and trainer coordinator. In Germany, the topic was Extremism and radicalisation.

After gaining great knowledge in exchanges, cultures, volunteering, facilitating and planning, Mr. Junaid started to write the application for the international exchange programme, European Solidarity Corps in Gladsaxe, Denmark, to have exchange students in his home town. The project was approved and he became the project manager in the organisation, Ung I Gladsaxe and was those in charge for the international exchange programme.

In daily life, other than working as the project manager, Mr. Junaid studies engineering, on the study programme "Urban,- Energy- and environmental planning. Therefore, his main focus is always sustainability and how to constantly develop the world to becoming a greener and better place.
