

Union Of Voluntary Societies In Irbid

About the union :

The Union was established in 1958. It is considered a voluntary civil organization with a legal legal personality and is subject to the provisions of the Law of Associations and Social Organizations No. 33 of 1986. It includes 382 charitable associations in Irbid Governorate .

Objectives :

- 1- Supervising, guiding and directing the common interests of the associations that join the federation in order to achieve their common goals
- 2- Coordinating the efforts of associations and working to improve the level of their services and encouraging the establishment of new associations in the work area of the Union to provide social services needed by the region
- 3- Setting the general policy for the common services of its constituent associations
- 4- Empowerment and networking of associations with local and international humanitarian organizations to supplement the work of associations and obtain the best services for the local community and refugees
- 5- Providing financial and in-kind assistance to the needy of the local community, refugees and those affected by natural disasters and calamities.

Our vision :

We, as representatives of charities, are looking for effective partnerships with humanitarian organizations and institutions that support community work, which can help improve and develop skills, empower the capabilities of the local community and refugees alike, and help

them overcome the challenges they face, as the Foundation works to provide all services Whether health services, mental health services, women empowerment, child protection, life skills, handicrafts, and support for environmental, agricultural and development projects for associations and individuals , and we believe in the Foundation that collective and participatory work can raise and form a model for integrated and effective community work, and our deep belief in these principles, we are looking for partnerships with organizations with experience and efficiency at the local and global levels to provide services in the best way .
